

Ulpan-Or Presents:

Online Hebrew Summer Camp

In this Online summer camp we focus on speaking the most relevant, interesting, street-smart Hebrew, including modern-day slang.

In addition, we watch, listen and learn from cute modern Israeli songs, movies, plays and jokes.

Various fun and recreational activities, such as Quizlet and Kahoot games and others are included.

Kids also take videos of themselves, sometimes involving additional members of the family engaging those in short cute dialogues in Hebrew.

The atmosphere in the camp is one of a fun immersion in Israeli culture.

There are options of 5-day and 10-day camps.

Depending on the group, the daily session duration (with breaks) is two to four hours.

Activities are conducted by our young and dynamic teachers especially trained for camp environment, making each Hebrew camp session the best part of kid's week.
